"officiating"

54 1/2 discussing best alternative or best way of accomplishing a specific objective. Seems to have more to do w/ things going on outside the building.

like, people, agencies, organization purposes exterior to this location, in fact widely distributed at great distance or which these people exercise control & which they direct use to accomplish major goals and purposes.

ten

5 1/2 more than ten, but relatively not a large number. Concept of influence differs opinions but not widely differing objectives. Some of maneuvering & politicking to affect acceptance of industrial outlook or designs.

People are largely on entire males; some of power, experience and self-confidence & personal authority. Used to being obeyed. A meeting of equals. At least middle-aged, though not sedentary types. People of action, "wheelers & dealers" & being negotiators.

Reminds of a steering committee or oligarchal legislature - more power collectively than a legislature, but not one single person can force all others to accept his views or intentions.

Topics of
Lithetics

5 1/2 - military related hardware - special
weapons systems.

Impression of person on seat looking
through something, steering back forth, up &
down, attention fixed vertically.

Impression running gear of apparent
tracked vehicle - not a "tank" but something
combat related. Dark blue green color
& black.

It's new. Deciding something about
it. Distribution. Whether to pass it out
in quantity. Not to our people to

5 4 1/2 these people have official sanction for what they do, though it is because known, they'd disarmed - or actions would be unmythical.

universe-type

3 1/2 Some BIG action has been planned - final stages before implementation now being discussed. Involves large logistical movements - perhaps also of people & equipment. Direction North to Sudan direction. Will be apparent to outsiders of interest i.e. opponents, but opponents will be unable to effect or curtail the action undertaken. Involves something seriously area.
